Nježna sortna aroma cvijeta divlje oskoruše i smilja. Svežeg voćnog i laganog okusa. To je vino svijetložute do slannatožute boje, nježne arome i finog karakterističnog okusa. Svežina, kakvu mu može dati samo oštira klima, karakteristika je sjevernog podneblja Jadrana kojemu se ova loza prilagodila, ali i sjevernih položaja vinograda na samom Krku.

Od svih se žlahtina naročito ističe svojim specifičnim mladenačkim bouquetom.

This wine is a pale yellow or straw yellow colour and has a mild bouquet and pleasant characteristic taste. The freshness which can only be achieved in a colder climate, is characteristic of the northern part of the Adriatic to which this grapevine has adjusted. The žlahtina is particularly recognisable for its specific young bouquet.
