Rajnski rizling 0,75 l

Vinarija Korak

Najraširenija je sorta na Plešivici. Topli dani i hladne noći daju rizlingu idealan omjer šećera i kiselina. Za fermentaciju i odležavanje vina koriste se velike drvene bačve. Obilje cvjetnih i voćnih mirisa, blaga botritisna nota i lagani predikatni miris prosušenih bobica uz ugodnu kiselost i svježinu s razlogom mu daju epitet kralja bijelih vina.

It is the most widely spread sort on Plešivica wine-growing region. The warm days and cold nights produce an ideal sugar to acid ration. The fermentation and maturation of the wine takes place in large wooden barrels. The abundance of flowery and fruity scents, a mild botrytis aroma, a light predicate scent of semi-dry berries, along with a pleasant acidity and freshness make this wine a king among white wines.

U ustima vino je umjereno slatko s puno svježine i balansirajućih kiselina. Odlično za uživanje bez hrane.
